

## Fall Program ABA Disclosures

### IX. Disclosures

The following information must be disclosed when program information is initially made available to prospective students (i.e., on the program website, in the initial announcement or brochure, and in any communication sent directly to prospective students):

1. Dates, location(s), description of the program, and anticipated enrollment:

*Pepperdine's 2023 London Fall Program is a full fall semester in London. The Fall Semester in London begins on August 14 (arrival date), orientation and classes start on August 21, 2023 and the semester ends on Friday, December 15, 2023 including exams.*

*Since the inception of the London Program in 1981, students from Pepperdine and other American law schools have enjoyed what is often referred to as "their best law school experience" -- studying law at Pepperdine in London. Pepperdine Law School's International Program in London has been approved by the American Bar Association. Pepperdine University School of Law offers a fall semester program in London at our own London facility. The Pepperdine London House is located in the attractive South Kensington area of London. Pepperdine's Fall London Program is run and operated solely by Pepperdine University School of Law and not in conjunction, partnership, or through the use of another educational institution.*

*The program also includes a number of cultural and legal-related outings and trips designed to enhance the educational experience. All students will come away from their London experience with knowledge of the British political and legal system as well as an appreciation for the culture. To that end, the Fall program offers lectures on the British political and English legal systems, a walking tour of the Inns of Court including Middle Temple and a visit to Parliament. Students studying in the Fall will additionally visit a Magistrate's Court or the Commercial Court, as well as one of the main Crown courts hearing criminal cases, plus the Royal Courts of Justice.*

*In the Fall 2023 program, we expect that up to 50 students from Pepperdine University School of Law and other American law schools will reside in London and take courses from a full-time faculty member who also serves as the director of the program, as well as a number of London-based barristers, solicitors, and faculty members from London area law programs.*

*Students may enroll in one or more of the terms but may not, under ABA guidelines, take more than one-third of their total law school units in overseas programs.*

*The program is structured so that students may complete certain core American law requirements while enriching their legal education with a variety of elective international and comparative law courses.*

2. The nature of the relationship with the foreign institution, if any, other than the provision of facilities and minimal services:

*Pepperdine's Fall London Program is run and operated solely by Pepperdine University School of Law and not in conjunction, partnership, or through the use of another educational institution.*

3. The number of students who participated in the program the previous year from the sponsoring law school(s) and the number from other schools (if the program is open to other students):

*The previous semester in residence in London was the Fall 2022 program when there were 31 students, all from Pepperdine Caruso School of Law.*

4. If the program is not limited to students from U.S. law schools, the countries likely to be represented and the expected number of students from those countries:

*Pepperdine University welcomes students with disabilities who are otherwise qualified for the London program. In compliance with the Rehabilitation Act of 1973 and the Americans with Disabilities Act, the University does not discriminate on the basis of disability. Students should*

*recognize that those laws do not apply to public buildings and other facilities in England and the rest of Europe and many are not configured to accommodate disabilities. The Pepperdine London Center is accessible to disabled students even though access may be somewhat difficult. A portable ramp for wheelchair access can be arranged. There is a small elevator giving access to the upper floors of the building although it will not accommodate a wheelchair. Wherever possible, it is the policy of the university to reasonably accommodate the needs of those persons having disabilities. Such disabilities should be made known to the Malibu Director of International Programs in advance so that appropriate arrangements, where possible, can be made.*

16. Circumstances under which the program is subject to cancellation, how cancellation will be communicated to the students; what arrangements will be made in the event of cancellation, and information about any prior cancellations, if any:

*The London program is subject to cancellation, without prior notice, based upon financial exigency or if fewer than ten students have enrolled in the program fourteen (14) days prior to the commencement of the term. In that event, students will be contacted by email and the deposits paid by students will be fully refunded.*

17. U.S State Department Travel Warnings or Alerts:

*a) The latest information and warnings about overseas travel can be found on the US State Department web site. If, prior to the commencement of the program, a Travel Warning or Alert is issued by the U.S. State Department for the country in which the program is conducted, all students who have confirmed their acceptance with a deposit will be notified promptly by email and will be given an opportunity to withdraw from the program.*

*b) If, during the course of a program, a U.S. State Department Travel Warning or Alert is issued for the country in which the program is conducted, all enrolled students will be notified by email of the warning, as well as receiving International SOS notifications, and given an opportunity to withdraw from the program.*

18. International Travel Support

Staff and students are required to sign in and log any University related international travel on their profiles and students are required to log any individual overseas travel during their semester in London. *University operating expenses and student charges are planned on an annual basis. Refund policies for withdrawals for reasons other than those specified in paragraphs 16, 17 and 18, above, have been established in recognition of both the University's advance commitment to operating expenses and a spirit of fairness for students who find it necessary to discontinue the use of University services. The policies for students who leave the program due to dismissal and suspension are the same as for those who leave due to voluntary withdrawal.*

*The refund policies are found in the Law School's academic catalog, in the section on financial information which can be found [here](#).*

**Tuition**

*Consideration for refund of tuition requires written notice from the student to the Records Office of the student's intention to drop a course or withdraw from the University. The date this notice is received by the Records Office is the effective date for determining the refund amount according to the schedule below. 20. Description of the housing made available by the program (see criterion V.I.F.):

*Students arrange for their own housing during the Fall Semester due to the economic benefits derived from sharing flats. Pepperdine makes available information on student housing*

*providers and provides general guidance on finding housing in London. Additionally, before students arrive in London they will receive information compiled with input by former students regarding apartment locations and letting (leasing) agencies. Students are encouraged to arrive in London at least one week before classes begin to allow adequate time to look for housing and to acclimate to new surroundings. Those needing temporary housing while looking for a place to live will be sent recommendations closer to the beginning of term. Students reserve a space and pay the provider direct. Most students find housing through real estate agencies and private landlords, although increasingly students are using AirBnB for some or all of the duration of their stay, and a few elect to stay in specialized student housing. There are a number of options available, and we are always happy to answer questions and give advice.*
